PRICES PAID TO GROWERS

GEORGIA (via: Forest Park, Georgia) Atlanta

Temperatures this weekend and next week will vary from lows of mid 30s and 40s to highs of low 50s to low 70s with some precipitation expected by next Wednesday and Thursday, November 12 thru 13, 2014.

Buying interest is active for export quality pecans and for very good quality smaller mid-sized pecans. For wholesale and gift pack use trading is getting stronger as the holiday sales season approaches. Many growers have opted to sell their pecans on contract this year. Some large lots of Desirables came onto the market this week as well as some Blends and a few smaller lots of Elliott. Prices for lots under 20,000 pounds of blends mostly with Moneymakers sold in a range of about \$3.07-3.41 per point. For large lots over 20,000 pounds Stuart blends sold in a range of about \$3.50-4.00 per point with nut counts in the low 80s per unit. For Stuart blends with nut counts of 50-60 per unit sales ranged from \$4.95-5.25 per point, occasional higher.

Prices paid to growers (late afternoon Thursday, November 4, 2014 thru late afternoon Thursday, November 6, 2014) at buyers delivery point or F.O.B. the orchard including direct sales to end users, cents per pound in-shell of generally good quality in lots of 20,000 pounds or less unless otherwise stated.

Elliott 50-52% meat yield 200-221

Moneymaker (deliveries insufficient to establish market)

Seedlings (deliveries very light) for large lots over 5,000 pounds 80-90, yard tree lots 60-75

Stuart (deliveries very light) 49-51.5% meat yield 155-164, yard tree lots 100-150 mostly 125 occasional higher

Lots in excess of 20,000 pounds including trailer load lots:

Cape Fear (deliveries insufficient to establish market)

Desirables (deliveries very light) export quality 48-54% meat yield 290-305 mostly 295-300

Pawnee (deliveries insufficient to establish market)

Stuart (deliveries very light) export quality 45-48% meat yield 240-257 mostly 240-245

THE NEXT GEORGIA REPORT IS SCHEDULED TO BE RELEASED ON THURSDAY, NOVEMBER 13, 2014.

PRICES PAID TO GROWERS continued**OKLAHOMA**

Deliveries by growers to buying points were very light as harvest is just beginning. Demand was light for Natives/Seedlings while moderate for Improved varieties for retail and holiday marketers. Some producers are not expecting to harvest this year due to low prices. Last April's freeze hurt production.

The weather forecast this week calling for highs in low to mid 60s and lows in upper 30s to mid 40s. Next week temperatures expected to be much lower with highs in low 40s to low 50s and lows in upper 20s to upper 30s.

Very light demand or interest noted from out-of-state shellers. Accumulators also showing limited interest. Retail operations showing moderate demand for Improved varieties.

Prices paid to growers (noon Thursday, November 6, 2014) at buyers delivery points or F.O.B. the orchard including direct sales to end users, cents per pound, in-shell of generally good quality in lots of 20,000 pounds or less unless otherwise stated.

Natives/Seedlings (deliveries very light) yard tree lots 40-50.

THIS IS THE FIRST OKLAHOMA PECAN REPORT FOR THE SEASON. THE NEXT OKLAHOMA REPORT IS SCHEDULED TO BE ISSUED ON THURSDAY, NOVEMBER 13, 2014.
