PRICES PAID TO GROWERS

OKLAHOMA (via: Phoenix, Arizona)

The pecan harvest in Oklahoma is fairly active. Deliveries by growers to buying points are moderate. Demand was good for good quality pecans. The pecan season in Oklahoma is starting to wind down, as some harvesters are finishing for the season.

The weather forecast this week calls for high temperatures from the mid-30s to the mid-60s and low temperatures from the upper 20s to the low 50s. There is a 60-90 percent chance of precipitation on Wednesday, January 22, a 10-40 percent chance of precipitation on Sunday, January 26, and a 0-20 percent chance of precipitation the rest of the week.

Prices paid to growers (from noon Tuesday, January 14, 2020 through noon Tuesday, January 21, 2020) at buyers delivery point or F.O.B. the orchard including direct sales to end users, cents per pound, in-shell of generally good quality in lots of 20,000 pounds or less unless otherwise stated.

Natives/Seedlings (deliveries moderate) yard tree lots 90-110 occasional higher and lower

THE NEXT OKLAHOMA REPORT IS SCHEDULED TO BE RELEASED ON TUESDAY, JANUARY 28, 2020.

TEXAS (via: Phoenix, Arizona) (Central, South, Eastern Areas)

Deliveries by growers to delivery points of Improved varieties were fairly light. Demand was good for good quality pecans. Natives are currently being harvested. Harvesting is expected to remain about steady during the upcoming week.

The weather forecast for the coming week calls for low temperatures from the low 30s to upper 50s, with high temperatures from the mid-40s to the mid-70s. There is a 20-100 percent chance of precipitation on Wednesday, January 22, a 20-50 percent chance of precipitation on Sunday, January 26, and a 0-20 percent chance of precipitation the rest of the week.

Buying interest displayed by end users was moderate for commercial sheller use as shellers continue to utilize inventories on hand or make purchases from other production areas or wait for additional availability of nuts. Trading was fairly active for in-shell and gift pack uses. Many growers are deferring making marketing decisions, opting instead to concentrate on harvesting and storing nuts for later sale. The pecan season in Texas is starting to wind down, as some growers are finishing for the season.

**PRICES PAID TO GROWERS - CONTINUED
TEXAS**

Prices paid to growers (from noon Tuesday, January 14, 2020 through noon Tuesday, January 21, 2020) at buyers delivery points or F.O.B. the orchard including direct sales to end users, cents per pound in-shell of generally good quality in lots of 20,000 pounds or less unless otherwise stated.

Natives/Seedlings (deliveries fairly light) yard tree lots 70-100 mostly 75-90

THE NEXT TEXAS PECAN REPORT IS SCHEDULED TO BE RELEASED ON TUESDAY, JANUARY 28, 2020.

THE NEXT WESTERN REGION REPORT IS SCHEDULED TO BE RELEASED ON TUESDAY, JANUARY 28, 2020.

THE NEXT PECAN REPORT IS SCHEDULED TO BE RELEASED ON TUESDAY, JANUARY 28, 2020.

**WESTERN REGION: ARIZONA, NEW MEXICO AND
WEST TEXAS** (via: Phoenix, Arizona)

Deliveries by growers to delivery points of Improved varieties were fairly light. Demand was good for good quality pecans. Harvesting in New Mexico as well as the El Paso area is over 80 percent completed. Harvested quality has been variable, due in part to insect damage as well as sticktites.

The weather forecast for the next week calls for low temperatures in the upper 20s to low 40s with highs in the low 40s to upper 60s. There is a 50-100 percent chance of precipitation on Tuesday, January 21, and a 0-10 percent chance of precipitation the rest of the week.

Buying interest displayed by end users was fairly good for in-shell, gift pack use, and moderate for commercial sheller use as shellers continue to utilize inventories on hand or make purchases from other production areas or wait for additional availability of nuts. Trading was fairly active for in-shell and gift pack uses. Deliveries and purchases of Improved varieties mostly Western Schley were fairly light. Many growers are deferring making marketing decisions, opting instead to concentrate on harvesting and storing nuts for later sale.

Prices paid to growers (from noon Tuesday, January 14, 2020 through noon Tuesday, January 21, 2020) at buyers delivery point or f.o.b. the orchard including direct sales to end users, cents per pound in-shell of generally good quality pecans in lots of 20,000 pounds or less unless otherwise stated.

Western Schley 53-58% meat yield 180-210 mostly 195-200 occasional higher and lower
