## PRICES PAID TO GROWERS

GEORGIA (via: Forest Park-Atlanta GA)

The weather in the Southern and Central areas of the state shows rather mild temperatures with evening lows in the mid-60s, daytime highs in the high 70s to low 80s with a 60 to 70 percent chance of rain. The Northern areas of the state will be slightly cooler with a ten percent chance of rain. Prices remain strong and about steady. The export business and retail candy operations are busy with purchases and the domestic buyers are taking a wait a see approach while the price settles before the Thanksgiving holiday. Most of the growers are expecting a short crop season this year and many are projecting up to a fifty percent reduction in volume as compared to years past in their orchards. Rain has curtailed operations for this week, while growers are busy cleaning the pecans harvested earlier and are having samples taken and tests run while offering them for sale.

Blends are showing up and offerings of Improved varieties are still light but several will be coming onto the markets this week. Offerings of Desirables, Stuarts, Elliott, Kiowa, Schley and Cape Fear will be available later this week. Small lots of Blends with Desirables (48-50 nut count) 44-45% meat yield sold in a range of about \$4.49-4.69 per point, (54 nut count and smaller) 42% meat yield \$3.43 per point. Lots with Stuart Blends (low 50 nut count) 45% meat yield \$4.06 per point and Moneymaker/Stuart Blends (mid 60 nut count) 42-45% meat yield \$3.20-3.46 per point. Moneymaker Blends with 39.5-46.5% meat yields sold in a range of about \$2.59-2.92 per point mostly \$2.70-2.75 per point.
